From the Principal

School overview

"As we grow, we shall learn."

Swayneville State School is a prep to year 6 state school that sits at the very base of the Sarina Range, amongst sugar and cattle country. It is small school, approximately 10 km west of Sarina, that was named in honour of Edward Swayne (former M.L.A. for Mirani). The school opened in August 1935. The school is not part of a township. It is a focal point for the surrounding rural community.

Swayneville State School is interested in individuals and families. We all know each other, which creates a family atmosphere and a level of support and interest that can only be experienced in schools our size. There is continuity in learning, as teachers get to know student learning styles, areas of need and personalities very well. This also means that our staff invest a lot of themselves in their work and take pride and care in what they do.

Current arrangements have ensured that the Principal is working directly with all children in all classes and is the curriculum leader in the school. Multiage classrooms are the normal practice. While grade level is still important, teachers of multi-age classrooms focus on is ability levels and skill development, adjusting instruction to need rather than simply age expectations. This makes extension or the additional learning experiences just a natural part of the day. This makes us specialists in differentiation, well versed in curriculum demands, and strongly focused on pedagogy (the way teachers teach.) We tend to have smaller class sizes, higher teacher aid support and easier parental accessibility than do larger schools.

Extra curriculum activities include: Sporting Schools, Optiminds, and Clubs.

Teaching and Learning: We deliver the full primary curriculum (P - 6) with students accessing all of the Learning Areas: English, Mathematics, Science, HPE, The Arts plus Specialist Music, LOTE (Japanese), Technologies and HaSS (Humanities and Social Sciences).

Digital pedagogy continues to be a focal area of the school, with classrooms equipped with laptops, PC's, interactive whiteboards etc. As with all state schools, we implement the Australian Curriculum and ensure that our staff remain abreast of current trends and requirements. We also attend to transitioning programs into prep and into high school.

Student Welfare: Life is not always straight forward but being healthy and well-adjusted is the best way to be when engaging in learning. Therefore, the school actively promotes:

- Positive teacher and student relationships
- School Wide Positive Behaviour Management
- Chaplaincy
- Leadership opportunities for students

Notes:

1. Student counts are based on the Census (August) enrolment collection.
2. Indigenous refers to Aboriginal and Torres Strait Islander people of Australia.
3. [pre-Prep](#) is a kindergarten program for Aboriginal and Torres Strait Islander children, living in 35 Aboriginal and Torres Strait Islander communities, in the year before school.

In 2019, there were no students enrolled in a pre-Prep program.

Average class sizes

Table 2: Average class size information for each phase of schooling

Phase of schooling	2017	2018	2019
Prep – Year 3	16	18	21
Year 4 – Year 6	17	20	25
Year 7 – Year 10			
Year 11 – Year 12			

Note:

The [class size](#) targets for composite classes are informed by the relevant year level target. Where composite classes exist across cohorts (e.g. year 3/4) the class size targets would be the lower cohort target.

Curriculum implementation

Our approach to curriculum delivery

At Swayneville State School we deliver all areas of the Australian Curriculum including English, Mathematics, Science, HPE, The Arts, Languages (Japanese), Technologies, and HaSS (Humanities and Social Sciences).

All classes at Swayneville are multi-age. Teachers focus on where children are at and help to develop their understandings from this level. Grade level is still important, and in each classrooms, curriculum plans are developed to ensure students are able to access their curriculum entitlements for their year level in every curriculum subject. This makes extension and support differentiation a part of the every-day practice within our classrooms.

The P–12 curriculum, assessment and reporting framework specifies the curriculum, assessment and reporting requirements for all Queensland state schools' principals and staff delivering the curriculum from Prep to Year 12. Further information on school implementation of the framework is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/p-12>.

Extra-curricular activities

Queensland state schools provide a wide range of subjects and extra curricula activities such as sport, art, music and school camps. Further information can be found here <https://www.qld.gov.au/education/schools/information/programs>.

How information and communication technologies are used to assist learning

Information and communication technologies (ICT) are an important part of contemporary schooling. The Australian Curriculum includes ICTs as a general capability across all learning areas, as well as Digital

Technologies as a specific learning area. Further information on models used by schools to assist learning is available at <https://education.qld.gov.au/parents-and-carers/school-information/student-ict-device-programs/one-to-one-models>.

Social climate

Overview

Each Queensland state school develops and enacts policies to support an integrated approach to behaviour, learning and teaching.

Our Student Code of Conduct is our school's behaviour policy, with information about school rules, consequences and processes for addressing bullying and the use of technology. A copy of this is available on our school website.

Further information is also available at <https://www.qld.gov.au/education/schools/health>.

Parent and community engagement

Our approach to engaging with parents and the community is aligned to the departments Parent and community engagement framework. The framework helps students, schools, parents and the community to work together to maximise student learning and wellbeing. Research shows parent and community engagement that is effectively focused on student learning can deliver powerful outcomes. Further information is available at

<https://education.qld.gov.au/parents-and-carers/community-engagement>

Respectful relationships education programs

Our school has implemented the Respectful relationships education program (RREP) as part of the broad multi-departmental Queensland Government approach to ending domestic and family violence.

The RREP is a Prep to Year 12 prevention program that focuses on influencing behavioural change to build a culture based on equality and respect in our students, staff, parents and wider community. Students are provided opportunities to explore social and emotional learning in self-awareness, self-management, social awareness, relationships, ethics, values, social norms, gender roles, stereotypes, human rights, risk and responsible decision-making. A growing body of evidence shows that social and emotional learning of this nature leads to:

- improved social and emotional skills, self-concept, bonding to school and classroom behaviour
- less disruptive classroom behaviour, aggression, bullying and delinquent acts
- reduced emotional distress such as depression, stress or social withdrawal.

Further information is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/respectful-relationships>

School disciplinary absences

Type of school disciplinary absence	2017	2018	2019
Short suspensions – 1 to 10 days	0	2	2
Long suspensions – 11 to 20 days	0	0	0
Exclusions	0	0	0
Cancellations of enrolment	0	0	0

Note:

School disciplinary absences (SDAs) are absences enforced by a school for student conduct that is prejudicial to the good order and management of the school.

Environmental footprint

Reducing this school's environmental footprint

Environmental education has been a feature of Queensland schools for more than 30 years. In many schools it has been creatively and proactively incorporated into the curriculum in each phase of learning, and is also reflected in the school's facilities and in the actions of its principals, teachers and students.

Table 7: Environmental footprint indicators for this school

Utility category	2016–2017	2017–2018	2018–2019
Electricity (kWh)	51,240	44,731	51,279
Water (kL)			

Note:

Consumption data is compiled from sources including ERM, Ergon, CS Energy reports and utilities data entered into OneSchool* by schools. The data provides an indication of the consumption trend in each of the utility categories which impact on this school's environmental footprint.

*OneSchool is the department's comprehensive software suite that schools use to run safe, secure, sustainable and consistent reporting and administrative processes.

Qualification of all teachers

The Queensland College of Teachers (QCT) is responsible for ensuring that teaching in Queensland schools is performed by an appropriately qualified person, that has successfully completed either -

- (a) a four-year initial teacher education program including teacher education studies of at least one year (e.g. a Bachelor of Education, or a double Bachelor degree in Science and Teaching) or
- (b) a one-year graduate initial teacher education program following a degree (e.g. a one-year Graduate Diploma of Education (Secondary) after a three-year Bachelor degree) or
- (c) another course of teacher education that the QCT is reasonably satisfied is the equivalent of (a) or (b). These are considered on a case-by-case basis.

For more information, please refer to the following links

Professional development

Teacher participation in professional development

Queensland state schools undertake 5 staff professional development days (25 hours) throughout the year:

- 2 days at the end of the summer holidays (fixed)
- 2 days during the Easter holidays (flexible)
- 1 day in the third last week of Term 3 (fixed) on the student free day.
